PROFILE SUMMARY

Passionate and detail-oriented BCA graduate dedicated to developing reliable, scalable, and user-centric software solutions. Strong analytical and problem-solving abilities, with a commitment to continuous learning, writing clean code, and contributing effectively to collaborative software development environments.

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER INTERN | SANTHISOFT TECHNOLOGIES, KERALA

December 2025 – July 2026

- Contributed to the development of JobBridge.
- Worked on front-end and back-end development, implemented features, fixed application issues, and enhanced existing functionality.
- Performed testing, identified bugs, verified fixes, and ensured smooth functionality before deployment.
- Gained practical full-stack development experience in a collaborative environment.

FRONT-END DEVELOPMENT USING ANGULAR | NEST DIGITAL ACADEMY, ERNAKULAM

August 2025 – September 2025

- Developed responsive web interfaces using Angular and Bootstrap.
- Created reusable UI components, integrated REST APIs, and optimized application performance.
- Strengthened front-end development and Git skills.

PROJECTS

Skillera - Main Project (Nov 2025 – Mar 2026)

Developed an online skill-learning platform using Python Django and MySQL with secure authentication, AI-assisted skill recommendations, and course management.

Urban Drive - Mini Project (June 2025 – October 2025)

Built a premium vehicle rental platform using PHP and MySQL featuring user authentication, vehicle listing, booking management, and optimized database operations.

JobBridge - Internship Project (December 2025 – July 2026)

Contributed to the development of a live recruitment platform using Python Django, working on front-end and back-end modules, feature implementation, and bug fixing.

Shadow Escape - Adventure Browser Game

Developed a 2D browser-based adventure game using HTML, CSS, and JavaScript, featuring player controls, enemy interactions, collision detection, scoring, animations, and responsive gameplay.

Imposter - Local Multiplayer Game

Developed a social deduction-style browser game using HTML, CSS, and JavaScript, implementing role-based gameplay, interactive game mechanics, animations, and responsive UI.

SKILLS

TECHNICAL SKILLS

- Languages:** Java, Python, PHP, C, C++
- Web & Frameworks:** HTML, CSS, JavaScript, Bootstrap, Angular
- Database:** MySQL
- Tools:** Basic Linux Commands, Git, VS Code
- Concepts:** OOP, SDLC, APIs

SOFT SKILLS

- Problem-Solving & Analytical Thinking
- Effective Communication
- Team Collaboration & Coordination
- Quick Learner with Adaptability
- Time Management & Task Prioritization
- Process Monitoring & Continuous Improvement

EDUCATION

BACHELOR OF COMPUTER APPLICATION (BCA)

Santhigiri College of Computer Sciences, Vazhithala
CCPA: **8.96 / 10 (Grade: A+)**

HIGHER SECONDARY

DR. APJ Abdul Kalam GHSS, Thodupuzha
Percentage: **97% (Grade: A+)**

ACTIVITIES & ACHIEVEMENTS

- Sports Club Secretary of Santhigiri College
- Student Council Member
- Executive member of Santhigiri College
- Incubation Cell Member
- NSS Volunteer – Santhigiri College
- Rajya Puraskar Award – Bharat Scouts & Guides

CERTIFICATIONS & TRAINING

- Software Developer Internship – Santhisoft Technologies, Kerala
- Front-End Development Internship – NEST Digital
- The Joy of Computing Using Python – NPTEL (IIT Madras)
- Introduction to Git and GitHub – Google
- Python Programming – Add-On Course
- Cyber Security: Endpoint Defense – Infosys Springboard
- Logic Building Using Pseudocode – Add-On Course
